Most of the time, when I'm on television interviews, the host seems more interested in pulling out of me what he or she "wants to hear" rather than "what I have to say".

Annie Armen was interested in hearing my heart. She is one of the few whose goal is to provoke people to action rather than tickle their ears with "touchy - freely" fluff. She brings out the best in her guest and in her audience.

Annie, this was my first 'radio' interview, and I'm grateful to have had this rare experience on your show. Thank you for allowing me to partner with you in that! ~ **Gary Eby, Author of "Left Handed Soldiers"**

“Annie Armen is truly the HEART of Legends in Excellence!

She is the best ‘verbal visualizer’ I have ever met... a true talent for helping people see through listening... Annie uses her God-given talents to help listeners not only see, but believe what they are hearing through high-energy, creative verbal visualization. Her approach is honest, fresh and most of all fun!

I have been on, quite literally, hundreds of radio shows over the years, but not a one holds a candle to her luminescent ability to guide an interview down the path to a point... that point of true excitement that emanates from a string of intellectually illuminating ‘Aha’s’!

Annie is a true professional with the power to engage -- and sometimes, enrage -- the listener... helping them gain a fresh perspective on even the most complex subject matter.

Most of all, ‘The Hurricane’ is authentic -- the real deal!” ~ **E.R. Haas, CEO of Think TQ, Co-Author of “Success On Purpose,” Proud Publishers of Legends in Excellence™-- The Series**
